WARM IN WELCOME & CLIMATE

Whangarei is a vibrant harbour city at the centre of a district famous for beautiful beaches, lush green countryside and a relaxed lifestyle. The city (population 53,000) lies in the protected upper reaches of a picturesque harbour, nestled amid forest-clad hills. Whangarei Harbour is situated on the north-western fringe of the Hauraki Gulf, within a day's sail from either the Bay of Islands or Auckland.

Traditionally a gathering place for Maori tribes, Whangarei is now world-famous as a meeting place for the international cruising boat community.

Whangarei offers a unique combination of attractions including:

- One of the world's best locations for a wide range of high quality, value-for-money marine services and supplies
- Excellent protection in affordable, international standard marinas and numerous delightful bays
- A great base in New Zealand, with beautiful scenery; great beaches; fishing; hiking and many other outdoor pursuits, as well as schools and healthcare

- All the amenities of 'home': from major retail outlets and supermarkets to boutiques and farmers' markets; from fine dining and cafés to fast food outlets, as well as an active arts and cultural scene.

These are all easily accessible in a safe, friendly, small town atmosphere, where cruising yachties are warmly welcomed and recognised as a valued part of our community and our economy.

Whangarei is justifiably the market leader for cruising yacht refits in New Zealand. Our marine craftspeople take old-fashioned pride in the quality of their work and a Kiwi 'can do' attitude, while providing a range of cutting-edge expertise and services at competitive prices.

Whangarei is an ideal destination for cruisers wanting to avoid the cyclone season and take the opportunity to repair or refit their boat. Well-protected boat storage, both in and out of the water, is readily available. New Zealand's largest city, Auckland, is also only a 30 minute flight or two hour drive south.

WAIPU GOLF CLUB

This great links course, with a reputation of some of the best greens in New Zealand, is set on the waters edge of the magnificent Bream Bay and enjoys spectacular ocean views.

WHANGAREI HARBOUR MARINAS

Whangarei has three marinas within the harbour offering cruising skippers a choice of berths. (See page 8 for further details).

Marsden Cove Marina hosts New Zealand's most convenient Port of Entry Customs clearance facility, with easy, all-tide access to a protected Quarantine dock and well-appointed, international standard marina complete with haul out facilities. Located just inside the Whangarei Harbour entrance, Marsden Cove is just 28nm further from Suva, Fiji than Opuā. It offers both ready access to the ocean and the main highway south to Auckland, as well as a variety of retail shops, duty free fuel, restaurant and services in an attractive setting.

The Whangarei Marina in the Town Basin, along with neighbouring **Riverside Drive Marina**, are located in the heart of Whangarei City, approximately 11 nautical miles inland from the harbour entrance. It offers convenient access to the city shops, grocery stores, amenities, marine services, and is very popular with cruising skippers and crew who wish to remain moored for longer periods. Pontoon berths up to 30 metres and pile moorings are available.

Port Nikau is located approximately 11 nautical miles up the Whangarei harbour (through the clearly marked channel) at the entrance to the Hatea River and before the opening bridge. Diesel is available at the wharf and long term berthage can be arranged.

HIGHLY REGARDED BOATBUILDERS

Whangarei Harbour is home to some of New Zealand's most highly-regarded boat builders and marine servicing companies. Exceptionally high-quality craftsmanship and professional project management complement a comprehensive range of professional marine services.

When you step ashore in Whangarei you will find contemporary build and repair facilities for vessels ranging from dinghies to superyachts. In fact, more than half of the cruising yachts that arrive in New Zealand choose Whangarei as their re-fit destination.

Services provided include rigging, plumbing, carpentry, electronics, painting, electrical, metalworking and mechanical/engine work, as well as parts and materials for those who want to do their own work.

In addition to world-class refitting and repair facilities, our marine businesses have built outstanding and innovative yachts and our craftspeople are in high demand throughout New Zealand.

Whangarei boasts considerable competitive advantages for refitting. Low overheads and very reasonable charge rates allow our companies to remain highly competitive with other refit and rebuild destinations. In addition to servicing monohulls, our local boatyards and marinas have become catamaran specialists, offering the most cost-effective haulout options in the country for boats up to a 12-metre beam, and a large number of spacious and affordable cat berths.

At the back of this brochure you will find a comprehensive directory of service companies and their contact details.

While it's one of the best places in the southern hemisphere to have work done, Whangarei is also a great place to live while the work is being completed. For those who wish to store their boats while they return home or to go touring, Whangarei offers well-protected storage both in and out of the water, as well as good air and road connections to Auckland International Airport.

BEAUTIFUL SCENERY & VIBRANT CULTURE

The harbour marinas are at the heart of the city and there is always a vibrant social scene where you can make new friends and reconnect with old ones. The colonial style waterfront at the Town Basin Marina houses galleries and speciality shops; cafés, restaurants, the new Art Museum, art park, heritage walkway and a playground. A wide range of amenities is only minutes away, often within easy walking distance.

With access to both coast and country, Whangarei's award-winning restaurants and cafes are able to use fresh local seafood and produce from the surrounding farming and horticultural areas. Locally-grown produce – including artisan cheeses and small goods, organic meat and vegetables - is available at the famous Whangarei Farmers/Growers market every Saturday morning. The city also has many good supermarkets, chain restaurants and fast food outlets.

Locally grown produce is a feature of the Whangarei Farmers/Growers Market every Saturday

For evening entertainment, there is a choice of bars with live music, cinemas, shows, and a variety of events staged throughout the year, including welcome and farewell events for visiting yachties.

Maori cultural traditions are remembered and honoured and remain an everyday part of life for many people in the district. You'll also meet with descendants of New Zealand's earliest European pioneers and people from around the globe whose families have made this area their home.

This diversity is reflected in Whangarei's thriving arts culture. Well-known painters, sculptors, artisans and craftspeople hold open studios, art classes and exhibit their work in specialty shops, at artisan fairs or at one of the many local galleries. Whangarei has a number of museums showing a diverse array of displays from New Zealand's largest clock collection to living history

at Kiwi House.

Whangarei's award-winning library has a comprehensive loan collection of books, as well as the latest magazines, newspapers, music CDs and movie DVDs. It also offers internet access, photocopying and a host of educational opportunities, as well as a café where you can read as you sip an espresso.

Adjacent to the marina in the Town Basin is a purpose built playground for the kids to enjoy

For outdoor recreation, the city presents lovely gardens, parks, walkways, cycle tracks and playgrounds, including several skate parks. Whangarei has a full complement of recreation facilities - several golf clubs, heated pool, gyms, yoga and pilates studios and sports fields.

Within two or three minutes' walk of the Town Marinas there are tranquil walks through native forest with outstanding views of the harbour. Further afield there are more challenging hikes up dramatically-sculpted mountain peaks looking out over the coastline and offshore islands.

EVERYTHING A CRUISING YACHT OWNER COULD ASK FOR

Beautiful islands are dotted along Whangarei's coastline, some offering good overnight anchorages for cruising boats. These include the highly-acclaimed divers' paradise, the Poor Knights, and the towering Hen and Chicken Islands. The coastline also boasts some of the most attractive coves and beaches in the country. Ranked 3rd in the world with National Geographic.

Whangarei's sub-tropical climate means water sports and paddle boarding rate highly on the local community's agenda and include diving, surfing, kayaking, kite-boarding and great fishing.

Road trips and tours will lead you to discover the beauty of the district's countryside, with fertile farming and horticultural land interspersed with native bush and exotic forest plantations. Townships throughout the Whangarei District offer local galleries, museums, wineries, eateries, parks, tours and special events.

Accommodation throughout the district ranges from camping grounds through family-run B&Bs to first class waterside accommodation.

NZ has free tourist information centres to help you.

WHANGAREI MARINE GROUP

The Whangarei Marine Group was set up to promote, streamline and improve the services available to international yachts visiting our unique city. Membership is open to all Whangarei marine businesses with a proven track record of quality work and service in Whangarei. Our members offer a comprehensive range of top quality and easily accessible services. They agree to abide by the Group's code of conduct, which ensures a high standard of work and customer satisfaction.

Whangarei has a strong tradition of boat building and servicing the marine industry. Among the Marine Group's members are many long-established businesses. Some are small family affairs where the person doing the work is also the owner, while others have developed into large companies. The theme running through them all is a commitment to quality and their customers: the visiting sailors.

If you need information or help finding services you can contact any of our members, whose details are provided on the following pages.

Using the information we provide in this guide, or on our website www.whangareimarine.co.nz owners and crew of yachts cruising in the South Pacific can either plan and make bookings for major refits well ahead, or if they need more urgent work done, they can have their needs rapidly assessed.

The logic is simple: without the visiting yachts Whangarei would not have such a vibrant and diverse marine industry. Local boaties and sailors, many of whom work in the marine industries, also benefit from these high quality services, as does the community at large, who enjoy hosting such an interesting range of visitors.

Many of our clients are repeat customers or have heard about our city's reputation from others sailing the South Pacific. We are client-focused businesses, who know that if we provide exceptional customer services and workmanship, then you will be our best advertisers.

The Whangarei Marine Group is proud to host annual welcome and farewell events to show our appreciation of the social, cultural and economic vitality the international cruising boat community brings and shares with our district.

The events are highly anticipated and well attended by our visiting yachties. It is a chance to experience the districts unique cultural heritage, enjoy good food and beverages and meet the locals and fellow cruising yachties.

We aim to make your stay in the Whangarei District as comfortable and entertaining as possible while you utilise the wide range of marine services that are available. The diversity of capabilities within our district ensures that all your requirements can be met to make your stay with us memorable for all the right reasons.

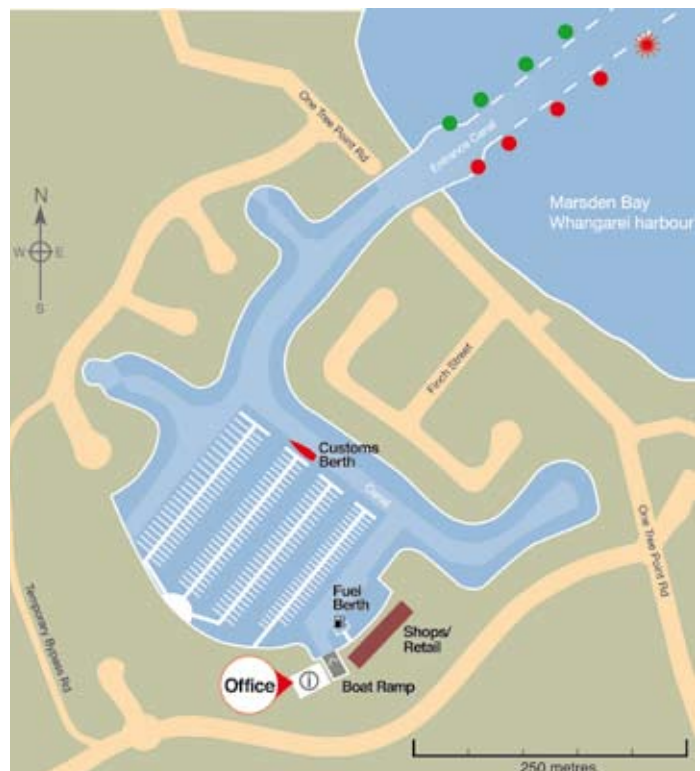

The February Swap Meet is a good chance for a chat.

Experience unique special events hosted by the whangarei marine promotions group

CUSTOMS CLEARANCE

- New Zealand Customs REQUIRE that all vessels bound for New Zealand report to customs NO LATER THAN 48 hours prior to arrival. Email yachts@customs.govt.nz before you depart for New Zealand.
- Approaching Whangarei, arrange your Customs clearance time through Whangarei Harbour Radio on Ch 16 or Ch 19.
- Proceed to the Port of Entry Customs Clearance Berth at Marsden Cove Marina as detailed here. GPS co-ordinates at the entrance of the channel leading into the marina 35° 49.857'S 174° 28.439'E
- Call Marsden Cove on Ch 18 to arrange berthage
- Do not anchor in New Zealand waters before customs clearance.

Welcome to New Zealand!

Hātea River Bascule bridge - Te Matau ā Pohe

Sailors approaching Whangārei's Town Basin on the Hātea River at the very top of the Whangarei Harbour now pass under the spectacular Bascule bridge arching across the river known as Te Matau ā Pohe, the fishhook of Pohe.

This \$32 million structure is the largest and most expensive Whangarei District Council civil engineering project in our District.

Inspired by the design of Māori fish hooks crafted of bone, the sleek, pale structure provides a grand entrance and spectacular exit for those arriving at and departing the Basin. While many vessels are able to pass under the bridge without requiring the bascule (lifting platform) to be raised, vessels over 6.5 metres in height need to phone or radio a request to see if the bridge needs to be lifted. There is no charge for this service. Vessels waiting can tie up to pontoons on either side of the bridge.

Raising the bridge

Vessel height

Vessels over 6.5m in height

Vessels over 6.5m in height (above water level) need to phone or radio a request to see if the bridge needs to be lifted. Skippers will be asked for their mast height.

Vessels 4m to 6.5m

Vessels under 6.5m height (above water level): contact bridge control to see if the bridge needs to lift. Skippers will be asked for their mast height.

Contacting Bridge Control

Use VHF Channel 018 or phone to request the bridge to lift and to obtain instructions. The contact phone numbers for the operator are: +64 9 438 7261 and +64 21 401 752. The bridge will not operate when wind speeds exceed 34 knots (gale conditions).

Seasonal operation

The bridge has two operating schedules, one for summer and one for winter.

The summer schedule begins when daylight saving begins in September and finishes when daylight saving ends in April. In 2019 the summer hours will start on 29 September and will end 5 April 2020.

The winter schedule begins when daylight saving ends in April and ends when daylight saving starts in September. In 2020 the winter hours start on 5 April and will end 27 September 2020.

Normal Operating hours

- 2019 Daylight Saving commences 29 September 2019 and ends 5 April 2020
- 2020 Daylight Savings commences 27 September 2020 and ends 4 April 2021

Summer weekdays (Mon-Fri):

8.45am to 4pm and 5.30pm to 7pm (excludes the 7.15am to 8.45am and 4pm to 5.30pm peak traffic periods below).

Summer Weekends (Sat-Sun):

7am to 7pm

Winter weekdays (Mon-Fri):

8.45am to 4pm

Winter weekends (Sat-Sun):

8am to 5pm

Te Matau ā Pohe is also opened on a scheduled basis at 12pm local time daily. Skippers are encouraged to make use of this time if tide conditions suit.

Response time

Vessels waiting can tie to the Marina Pontoons at each side of the bridge. During normal operating hours we have a target response time of 5 minutes for the bridge to be opened from the time that a skipper makes their request.

Outside of normal operating hours the service is on-call with a target response time of 30 minutes for the bridge to be opened from the time that they make their request.

Outside of normal operating hours skippers are encouraged to 'book' a time for the bridge to open. Where a booking is made, the target response time will be within 5 minutes of the time of their booking (subject to the vessel arriving on time).

One way passage only

Preference to incoming / outgoing vessels varies daily and preference will be indicated by bridge control.

Bridge will not be opened during peak road traffic periods

7.15am to 8.45am and 4pm to 5.30pm – Monday to Friday

Vessels waiting can tie to the Marina Pontoons at each side of the bridge.

To contact bridge control to open the bridge and for instructions:

VHF Radio: Channel 018 – Phone: +64 9 438 7261 or +64 21 401 752

Channel width between wooden marker piles	16.0m
Channel depth between wooden marker piles	1.0m below Chart Datum
Vertical clearance above MHWs level when bridge is closed	7.5m to underside of bridge

Wait for permission from bridge control on VHF before proceeding

Watch electronic notice board on face of bridge at all times for messages and instructions.

30 SEPTEMBER — 4 OCTOBER 2019 6TH VAVA'U BLUE WATER FESTIVAL

Vava'u, Kingdom of Tonga

Hosted by the Vava'u Tourism Association, the 6th Annual Vava'u Blue Water Festival is the highlight of the cruising calendar in Tonga and showcases Vava'u as a true sailor's paradise with year-round cruising in our crystal clear waters. Head in from one of Vava'u's 42 unspoilt anchorages and join us in the sheltered Port of Refuge harbor for a week of fun and festivities. Supported by the Bank of the South Pacific, the local marine services and NZ's North Island marine industry, the Vava'u Blue Water Festival has something for everyone to enjoy with days packed full of racing, games, BBQ's, party nights and more.

Highlights Include:

- ❖ Registration & Welcome Party
- ❖ Vava'u Boatyard Sausage Sizzle
- ❖ BoatYard SUP Paddle Out
- ❖ Bay of Islands Breakfast & Information Session & Passage Planning
- ❖ NZ Biosecurity
- ❖ Hosea Primary School Cultural Show & Feast
- ❖ NZ Whangarei Info & Pizzas
- ❖ Whangarei Vava'u Challenge Cup Fun Race Day
- ❖ Bay of Islands After Race Party with Prize Giving
- ❖ Treasures of the Bilge Swap Meet
- ❖ Port of Refuge Harbour Race
- ❖ Closing Party and Awards Ceremony.

WHANGAREI MARINE GROUP MEMBERS

1 ABSOLUTE STAINLESS

Simon and Sue Mehrtens established Absolute Stainless in 2001 to supply top-quality stainless-steel products to the local market. Simon has extensive knowledge in the stainless and aluminium industry, having worked in the industry for over 30 years.

Simon and the team work to create a quality product to meet the individual needs of each customer, ensuring each job is completed to the highest standard. Their high level of expertise,

passion for perfection and commitment to customer service has resulted in a business is highly respected both in Northland and amongst the international yachting fraternity. They work on all sized vessels, from small runabouts, commercial tugs and ferries to luxury motor yachts completing jobs in both stainless steel and aluminium

Please Note: They are very excited to be moving 900 metres down the road to a purpose built new workshop at 12 Logyard Road, Port Nikau in Whangarei at the end of June 2019. Pop down to **12 Logyard Road, Port Nikau** to see what they can do for you.

2 ALL MARINE Portside & Riverside (CHANDLERS)

ALL MARINE has two outlets, the big shop at 231 Port Road, close to Dockland 5, Norsand, Harbourside Boatworks, and Port Whangarei; the second is at 52 Riverside Drive at the Riverside Drive Marina and haul out.

We are known for our comprehensive range of chandlery, our great prices and friendly knowledgeable service. Bring in your TIE and we can supply your chandlery GST free.

Check out our website www.allmarine.co.nz and if you need supplies while cruising, contact us through sales@allmarine.co.nz and we will arrange shipment.

Richard and Dianne Cunningham bought All Marine in April of 2017 and have ensured service and satisfaction are the top priorities as well as increasing stock levels and availability of product.

Paul, Shirley and Helene keep the busy Port Road store sailing along, and Dave is still holding the mainsheet at Riverside. If you are first timers, we look forward to meeting to you. If you have been here before, chances are we are already friends, so, it's great to have you back.

4 CALIBRE SAILS - "WHERE THE ART OF SAIL MAKING IS STILL A PASSION"

Calibre Sails owner David Parr, designs, builds and constructs quality sails in New Zealand and Internationally. He offers 40 plus years' experience and expertise in the industry.

Beginning his career at Hood Sails in 1975, he has been involved in every Whitbread Round the World Yacht Race and participated in five America's Cup campaigns where he worked in a dual capacity role as sail maker and a crew member.

Based in Whangarei New Zealand, David is personally involved "hands on" in the design and construction of sails with safety, longevity and performance as imperatives. His reputation and that of his trained staff, is built on consistently delivering high standards of quality, service and value to their customers.

Calibre Sails is aligned to reputable suppliers of cloth and other services such as riggers & chandlery.

All sails are designed and built in Whangarei and not imported from mass production factories. Full service and manufacturing of all types of sails. Free pickup and delivery of sails is available.

David's passion for sailing and his extensive experience transforms both the art and science of sail making to the excellence of your sailing experience. Inquiries to David and his team at Calibre Sails are welcome!

12 METRO DIRECT - "INSPIRATIONS IN GLASS"

Metro Glass have always strived to offer their customers the highest level of product availability, together with the highest standards of technical expertise and workmanship.

The company has a designated team which specialises in marine contracts requiring compliance to ABS, NZMSA and Lloyds survey, which necessitates the continual upgrading of their own glazing systems from all available avenues of technology. This level of expertise carries over to both smaller and larger refit projects, sealant and adhesive knowledge and stocks of same for supply for a multitude of purposes.

Metro Glass also has the ability to form Acrylic and Polycarbonate to any shape. Compound curved toughened and laminated glass is also available with little delay. Our friendly and competent team are always available to discuss and advise.

Superyacht builders frequently contract Metro Glass for their glazing requirements.

15 PORT NIKAU www.portnikau.co.nz

Address: Lower Port Road, Whangarei

Phone: +64 430 2126 | **Mobile:** 0274 238 064

Email: info@portnikau.co.nz | **Website:** www.portnikau.co.nz

Port Nikau is located approximately 11 nautical miles up the Whangarei harbour (through the clearly marked channel) at the entrance to the Hatea River and before the opening bridge. Diesel is available at the wharf and long term berthage can be arranged.

Wharf Berthage: Port Nikau has 400 metres of wharf berthage available at competitive rates. The wharves are suitable for yachts and launches, super yachts and commercial vessels of up to 8 metres draft. Bulk fueling/icing can be arranged and truck access is available.

Floating Berthage: Berthage is available for boats up to 30 metres, water and power are available at all berths. Land suitably zoned for marine facilities and activities is available. Located within easy driving distance of the CBD, the area has numerous benefits for industrial and commercial users including access to deep water and proximity to supporting industries.

WHANGAREI MARINE GROUP MEMBERS

16 RIVERSIDE DRIVE MARINA

Riverside Drive Marina is a hardstand, haul out, complete working marina nestled in the sheltered waters of the Hatea River just minutes from downtown Whangarei. Riverside Drive Marina has been operating since 1976. Blending know how and experience together, the team offer a comfortable, affordable home base for your stay in New Zealand. Reservations are accepted for those wanting to plan ahead. The yard has 24 hardstand sites and 30 finger marina berths. We also have two 17mtr boat sheds available for hire, for any deck replacements, repairs and refits. The floating berths have wireless internet available, plus electricity and fresh water. There is a coin operated laundry, showers and a gas barbeque in an outdoor area set up for socialising. We also have the added bonus of an onsite café which serves wonderful coffee. For your added security there is 24hr recorded digital surveillance cameras operating. Convenient on site marine services include a stainless steel workshop and a chandlery shop. There are independent boat builders, painters and marine engineers available. For many yachties, it becomes a place to make boat repairs and re-energize before continuing their journey. A word of caution though, some have found the peaceful, friendly lifestyle at Riverside Drive Marina and the stunning beauty of New Zealand a hard place to leave.

19 STANLEY MARINE

Opened for business in 1989, Stanley Marine has filled the void in recycling good boat gear. We buy, sell or trade a wide range of second hand boat gear as well as carry a good selection of new items and fishing tackle. If we don't have it you probably don't need it. If you really do need it we can probably get it or direct you to someone who can. Just like you, we are also experienced cruisers, so come on in and swap monstrous lies about rounding Cape Horn in an open cockpit yacht, naked in the dead of winter. We are very conveniently located 200m downstream of the Whangarei Town Basin Marina Office. We can ship to the Pacific Islands.

We take phone or email orders and credit card payments. Contact Stanley Marine by phone or fax on **09 438 4479** or email: smarine@paradise.net.nz

Graeme and Jack at Stanley Marine.

23 WHANGAREI MARINE SERVICES - (RAY ROBERTS MARINE)

Whangarei Marine Services offers a comprehensive marine engineering service, including sales, installation, general maintenance and repair work. The workshop and shop is situated centrally in Port Road, with mobile mechanics available to service the wider region.

Core brands are Volvo Penta and Yanmar but we can tackle pretty much any mechanical problem you may have. Our mechanics are available to install and fully support everything we sell, or the gear you already have.

We stock and supply mechanical components for yachts and power boats including engines, drive systems, propellers, mounts, steering, generators, pumps, electronics and more. And with our extensive range of maintenance supplies such as oil, belts, filters, impellers and batteries, you will definitely want to pop in to see how we can help you. **Note:** Whangarei Marine Services is now located in expanded premises at 93 Port Road.

Our team has many years experience providing marine mechanical services to visiting yachts, & we look forward to meeting and assisting you too.

www.boatdesigner.co.nz

We are independent boat builders and designers of custom vessels based at Matakoho. 28 years experience in design and build of timber, composite and exotic construction methods. We cater for new builds, refits and alterations. Our facility can take vessels of up to 60 feet and can be transported via road in most cases. Repaints and exterior re-finishing can be achieved in our shed space, with our designated drying bay for components and smaller projects. We have on-site accommodation for owners undertaking larger refits or for subtrades needing to be onsite for longer than a day. Project management and consultancy. Affordable labour and storage rates.

Phone 021 054 6024

The Black Ball Yacht Club, founded in 2018 by a group of visiting cruisers, is located at the Barge Inn at the Whangarei Town Basin. It is open to all who sail to Whangarei. The Barge Inn, also used as the dingy dock, is a meeting place for visiting Yachties to gather for social hours, barbeques, playing music or any activity that promotes a sense of community that the Town Basin has become so well known for. All dues (donations) go to the Black Ball Scholarship Fund which develops programs to encourage local young people to become involved in the Marine industry.

ARRIVAL INTO N.Z. - SOME HANDY TIPS

- Crossing the Pacific on your way to NZ or Australia, a good resource for weather and other information is Gulf Harbour Radio, airing Monday - Saturday on 8752 at 1915UTC. Patricia and David cruised the area for many years and now run a coast radio station. They are supported by the website www.yit.co.nz where boats register their details and can input their own passage position and comments if they have email on board. David starts a full weather round up for the islands and passages at 1930UTC.
- More Weather routing gurus: NZ - Bob McDavitt www.metbob.com; US - Rick Shema www.weatherguy.com; AUS - Bruce Buckley weatheraustralia@bigpond.com
- You must not anchor before Customs clearance, or after when departing NZ.
- Try to keep food that you will be bringing into New Zealand in its original wrappers so the ingredients can be seen by biosecurity.
- Only pets that are aquarium fish, cats and dogs are allowed to arrive on board vessels into New Zealand. Contact www.mpi.govt.nz for more information on the in depth pre-arrival health requirements and quarantine process.
- Beautiful Anchorages between The Bay of Islands and Whangarei: Whangamumu, Whangaruru and Tutukaka. Great Barrier Island should be visited too.
- It's easiest to come up the river on the incoming tide, maximum 2knot current, soft sand/mud bottom, dredged 1m below chart datum, 2-3m tide.
- Third party/Liability insurance is required by marinas in New Zealand. This can be organised at the Marinas.
- Shore power, 240Volt, 16 or 32 amp, 50 Hz. You need an electrical inspection – easily organised on arrival.
- NZ follows the British Standard Pipe (BSP) threads. Hose adaptors are in stores.
- We drive on the left.
- Wanting to stay and immigrate into NZ? Free advice: www.newzealandnow.govt.nz/move-to-nz/getting-help-support
- For two weeks over Christmas, most New Zealanders are on holiday. Many businesses are closed as they are out in their own boats!
- If you are flying home/overseas, compare prices for flying out of Whangarei vs. taking the bus to Auckland. Intercity or Mana Buses can be booked online. For a group of people and a lot of luggage, it may be best with a door to door shuttle. Check the different luggage restrictions on busses; flights via the USA usually allow more bags/weight than via Asia.
- To fly back into NZ with a one-way ticket, you need documentation with you proving you own the boat, that it is located in NZ, what date the boat entered NZ, and that you plan to sail away from NZ on or before a specific date.
- Most passports get a 3 months tourist visa on arrival which can be extended for up to 6 more months. Your boat can stay 2 years in New Zealand
- Berthage for your boat is tax free. Parts for your boat arriving from overseas are also tax exempt. The shipping address should include the name of your boat and the words 'YACHT IN TRANSIT' clearly marked. Phone customs 0800 428786 to get your boat's "client code number" which the freight forwarder will need to process it tax free. Many NZ marine-related businesses honour your tax-exempt status for boat gear, so keep copies of your yellow Temporary Import Entry form with you, or have an electronic copy available to give/e-mail to merchants. Fuel is only tax free on departure.

On Behalf of the Whangarei Marine Group

and all our members we wish you an enjoyable stay in New Zealand!

ALL WHANGAREI MARINE PROMOTIONS GROUP MEMBERS ARE COMMITTED TO PROVIDING YOU WITH THE BEST CUSTOMER SERVICE AND WORKMANSHIP POSSIBLE.

Client feedback is essential to improve our customers experience.

Please take a few moments to give us your feedback, both positive and where we can improve, on any of the businesses listed above. In fact feedback on other Whangarei businesses is also welcome and we will channel these comments. As our commitment to your positive experience we can arrange an independent arbitrator should you believe that you have been treated unfairly by any Member of the Whangarei Marine Group.

Contact for the Whangarei Marine Promotions Group is

Chairman Brian Caulton Phone: +64 9 438 2033 or email: brian@whangareimarina.nz

As our commitment to your positive experience we can arrange an independent arbitrator should you believe that you have been treated unfairly by any member of the Whangarei Marine Promotions Group.

Please contact the Chairman – details above.

“ The Whangarei Marine Group
invites all foreign flagged yachts that have just sailed in
to come for a party in December 2019.

Catch up with your friends in the fleet
and meet some of the local tradesmen.”

Comments from past seasons:

“AS FAR AS WE ARE CONCERNED, WHANGAREI IS THE BEST PLACE
IN NZ FOR VISITING YACHTS WHO WANT TO LEAVE THE BOAT TO
TRAVEL, MAKE REPAIRS OR PROVISION FOR THE NEXT CROSSING.
CAN'T THINK OF ANYTHING THAT NEEDS IMPROVING.”- **Bidule**

“We're very impressed with the level of skill & value of the
maritime trades. Many choices, from rigging, welding, sailmaking,
woodwork... the list goes on.” – **Bravo**

“Thank you for running your marinas and businesses so efficiently
and making us feel welcome.” – **Tregoning**

“Service people generally very competent. Immigration at
Marsden Cove: Polite and efficient!!!! Service by marina office;
excellent! Good information/ helpfulness on any question. Notes/
signs/ reminders. Useful! We will recommend Whangarei to
everyone we know!” – **Lovinda II**

“THIS IS THE BEST 'CRUISER FRIENDLY' MARINA WE HAVE BEEN TO
IN OUR 7 YEARS OF SAILING. YOU HAVE A GREAT STAFF AND A
WONDERFUL COMMUNITY.” – **Mango Moon**

“Overall Whangarei rates 10/10 with us, everything is conveniently
located. If traders don't have it they will get it the next day from
Auckland.” – **Freycinet II**

“THE LIST GOES ON FOR MANY PAGES BUT EVERY VENDOR WE
HAVE DONE BUSINESS WITH FOR SERVICE AND MATERIALS HAS BEEN
FANTASTIC.” – **White Hawk**

“This is our third season in NZ/Whangarei and will return again, We
Love It Here! The country is beautiful, the people friendly, and the
marine services excellent. Special commendation goes to the
marina staff who always make staying here a positive experience.
Love the Welcome & Farewell events.” – **Sequoia**
